

## 2011 Program Schedule\*

Welcome to the Lucas Oil/Nexgeneracers Youth Go-Kart Program, an organization dedicated to the fun and educational aspects of motorsports. Nexgeneracers (NXG) introduces boys and girls ages 11-14 to the excitement of motorsports through experiential go-kart driving courses. Each course consists of classroom and behind-the-wheel instruction, taught by professional driving instructors. Students learn discipline, responsibility, teamwork and safe driving techniques used in auto racing. Our mission is to expose youth to the many opportunities motorsports has to offer such as: engineering, marketing, management, food service and sports entertainment.

The Lucas Oil/NXG Youth Go-Kart Program is scheduled on weekends between April and September. Events and classes are conducted over a weekend (typically registration on Friday and class Saturday and Sunday). We offer a Grand Prix racing series and three progressive course levels: 1) Introduction to Go-Kart Driving, 2) Beginning Competitive Driving, and 3) Advanced Competitive Driving.
